Supports, coverage and credentials

Supports. Social and community participation, youth engagement and reengagement, life and independent living skills, mental health and psychosocial support, culturally responsive support, family and stakeholder liaison.

Coverage. Whittlesea, Darebin, Banyule, Merri bek and Hume, worked within roughly a thirty minute radius of Bundoora. Wyndham is covered from a second base at Point Cook by a support worker completing onboarding, so western referrals can be accepted from a confirmed commencement date.

Credentials. Diploma of Community Services (Case Management), AQF 5. NDIS Worker Screening Check, Working with Children Check, National Police Check, NDIS Worker Orientation Module, First Aid and CPR. Professional indemnity \$1m and public liability \$20m, certificates of currency on request. Every worker clears all three checks before meeting a participant.

Not a registered NDIS provider. Lawful, and it means self managed and plan managed participants only, as an NDIA managed plan cannot be invoiced. The NDIS Code of Conduct applies either way. No regulated restrictive practice is implemented, and personal care involving bathing, toileting, transfers or manual handling, and handyman or trade work, are not offered.
